

Becatech

Interconnective Power

Stainless steel band (AE435)

Technical Specification :

This alloy provides superior corrosion resistance in fresh water and typical atmospheres and is non-magnetic.

Ideal for food process, chemical/ agricultural hose assemblies, marine splash zones and some acidic environments.

PPA 571 coated: halogen free coating for additional corrosion resistance and smoother edges.

Utilized in general use banding application for marine splash zone.

Comes with easy scale patented imprint on the band to quickly determine band length without waste.

Length mm	Width mm	Band Thickness mm	Average Breaking Strength	Package Quantity
25	15.88	1.22	840	25m / roll
