

Becatech

Interconnective Power

Unshielded data UL/CSA cable (Data cable FT-4)

Cable Structure :

Conductor: stranded tinned copper wire.

Insulation: SR-PVC.

Outer sheath: polyvinylchloride FT-4.

Technical Specification :

Nominal voltage: 600V.

Rated temperature: -20°C to 105°C.

Flame test rating: CSA FT4.

Application :

Range of unshielded single pair cables for indoor use in instrumentation, security, data and audio applications where protection against electrical interference is not required.

Core x Pair x AWG	Color code	Overall Diameter mm	Weight (kg/km)
1x2xAWG20	BK/RD	3.70	21
1x2xAWG18	BK/WE	5.00	39
1x2xAWG16	BK/WE	5.70	51
1x2xAWG14	BK/WE	8.00	96
1x2xAWG12	BK/WE	10.16	142
